THE PREP WEEKLY

Message from Mr Lovett

It was so lovely to see so many smiley, happy faces coming into school on Thursday morning for the start of term - including the children! As ever at Trinity we have hit the ground running with assemblies, normal lessons and clubs for all pupils. What has struck me has been the enthusiasm and confidence of the children in embracing the new school year. This has been the theme of our assemblies this week where we have been discussing new starts, challenges and the journey that we are on (with a little bit of Rugby World Cup fever thrown in!) Two key characteristics that we are going to be promoting this year are 'Responsibility & Independence'. This can come in many forms and is difficult to teach - however we can all model and set the example to our pupils. Well done on an amazing start to term and I look forward to the first full week!
